

Research Paper Template:

Please submit a primary research paper not exceeding 2500 words, and secondary studies should be limited to 3500 words. We appreciate your adherence to these guidelines as it ensures efficient and effective dissemination of research findings at the conference.

Title:

Choose a concise and informative title that accurately represents our research.

Authors:

List the names of all contributing authors and their affiliations.

Abstract:

Provide a brief summary of your research, including the purpose, methodology, results, and conclusion.

Keywords:

Include a few relevant keywords that capture the core themes of your research.

Introduction:

Briefly introduce the background and context of your research. Clearly state the research question or objective.

Literature Review:

Summarise relevant literature that informs your research. Highlight any gaps in existing knowledge that your study addresses.

Methodology:

Clearly describe the methods and procedures used in your research. Include details on data collection, participants, and analytical techniques.

Results:

Present your research findings in a clear and organised manner. Use tables, graphs, or figures if applicable.

Discussion:

Interpret your results and discuss their implications. Relate your findings back to the research question or objective.

Conclusion:

Summarise the key outcomes of your research.

Discuss any limitations and suggest avenues for future research.

References:

Include a list of all sources cited in your paper, following a Harvard citation.
