1. Introduction

This document describes the eligibility criteria and the student hardship assessment process to receive the students' financial support.

The College's website and enrolment literature will direct the students to the description of relevant fund eligibility criteria. Also, additional information and guidance will be available from the College's Welfare department.

2. Student Support Fund Allocation 2023-24

Based on the estimate, 10.4% of annual HFI (Higher fee income) amounts will be allocated as follows:

- Mature Student Hardship Fund- 73%
- Travelling Support Fund-4 %
- Emergency Financial Support Fund-23%

A total of 10.4% of HFI will be distributed to the students in financial support as part of the Access and Participation (APP) commitment:

- The Mature Student Hardship Fund will be fixed and available until exhausted. The College allocates 10.4% of HFI for the year and distributes it evenly during the year to allow all intakes (September, January and April) to benefit from the financial support. The College will not be able to exceed the allocated amount.
- Travelling Support Fund- Traveling fund is fixed and available until exhausted. The College allocates 4% of the fund to the students facing financial issues. If the fund is not exhausted for any reason (e.g. Pandemic), then the allocation will be transferred to the Mature Student Hardship Fund.
- Emergency Financial Support Fund- is fixed and available until exhausted. The allocation is set aside for urgent cases, which requires immediate attention.

- If the fund is not exhausted for any reason, the remainder is transferred to the Mature Student Hardship Fund.

3. Financial Support Planning Process

Mont Rose College will allocate the amount of money to different financial support funds on an annual basis. The purpose of the funds is to enhance students' success and progression in Higher Education. The College's Senior Staff Committee will evaluate the impact on student outcomes of financial support provided on an annual basis and apply any required improvements to the future financial support plans and budgets.

The College will be preparing the financial support plan on an annual basis. The planning process involves professionals from the Academic and Quality Assurance Board and Finance and General Committee. As part of decision making, the College will be consulting the Student Union (SU) and Access and Participation Group (APG) on an annual basis to determine the best financial support packages and identify the best allocation and distribution processes.
