HND in Business Accounting and Finance

Shape your future with Higher Education

Do you enjoy crunching numbers and coming up with business solutions? If you are thinking about enhancing your career and obtaining a professional qualification, Mont Rose College can help you shape your future with higher education.

At Mont Rose College we offer a specialist HND Business Accounting & Finance course which is broken down into mandatory, specialist and general units. These units will allow you to demonstrate knowledge and understanding in the business accounting field and teaching and learning will take place through lectures, tutorials, case studies, class discussions and formal presentations.

Upon completion, successful students will be able to kick-start working for various accounting agencies or progress towards becoming qualified accountants. Mont Rose College also offers students the option to complete a degree top-up option for a BA in Business Accounting.

Intended Learning Outcome

After completing the course you will be able to:

- Demonstrate knowledge and understanding of organisations, the external environment in which they operate, how they are managed and a thorough understanding of the interdisciplinary nature of the business field.
- Conduct research
- Demonstrate cognitive skills of critical thinking, ability to solve structured and unstructured business problems
- Communicate both orally and in writing, effectively and appropriately
- Read and use literature on business accounting with a good, critical understanding
- Be able to think independently and solve problems in accounting, auditing and taxation
- Apply subject knowledge and understanding to address familiar and unfamiliar problems
- Recognise and be able to discuss the moral and ethical issues in accountancy
- Appreciate the need for ethical standards and professional codes of conduct in accounting
- Have the capacity to give a clear and accurate account of a subject, assemble arguments in a logical way and engage in debate and dialogue both with specialists and non-specialists
- Be able to appreciate the interdisciplinary nature of business
- Have a degree of specialisation in accountancy through the optional modules
